HOW TO FIND US

From the airport take the **N2 in direction City**, towards the back of Table Mountain, approx. 8 km, first still a few squatter camps (Crossroads) at your left, townships, housing projects and later golf courses!

Below the green slopes of Devil's Peak, take the **two right lanes direction City**, the road is ascending and on your right hand side you'll see the Groote Schuur Hospital. Now change to the 2 far-left lanes, to come onto De Waal Drive (M3). Signed is **Vredehoek / City / Cable Way**.

You will drive now 2 km on the slope of Devil's Peak, enjoying the view over Table Bay, harbour and city. At the first houses to your left a sign reminds you to decrease speed to max. 60 km/h, you better do so, as there is a permanent speed trap installed. You don't want to spoil your holidays on the first day.

In the next bend, just before the flyover you take the left-hand exit. **Jutland Street / M3 / Camps Bay / Cable Way**.

Going straight while passing the **Gardens Centre**, the only high house around. In front of the Gardens Centre **before the traffic light** take the left lane. **Drive straight** now, (passing Zetler's Pharmacy and Asian Kitchen Restaurant) **don't follow the main road**. On your left appears Southern **Sun Garden Court** and the good ol' **Lennox Guest House**. **Turn left** at the T-junction and you are already in **Upper Orange Street**. In case you remained on Annandale Road turn on the church left, and you are also in Upper Orange Street.

Drive towards the mountain, pretty far up. After a few street entries you'll find a little Deli-Café (Carlucci's) on your right and on the corner of Montrose Avenue a big white house. Go a few meter further up and you will see a white lizard on a blue wall. Please use the intercom at the little gate.

Welcome! We are looking forward to meeting you in Cape Town.
